

CASA Membership: Leading ASC Support at an Unbeatable Value

Education

Legislative Advocacy

Networking

CASA prides itself in being a proactive leader in the ambulatory surgery industry, specializing in education and advocacy. We continually work to provide our members with the tools they need to thrive. Comparatively, CASA Facility Membership dues are amongst the lowest in the nation.

MEMBERSHIP BENEFITS

Legislative Advocacy

CASA Advocacy clearly communicates the industry message, shapes public opinion and advances the ASC agenda at the local and state level. Advocacy is your voice.

Free Benchmarking Program

Members enter ASC data and receive quarterly reports, including regional information comparing infection rates, transfers, complications and financial metrics.

Salary & Benefits Survey

Collects region-specific data on ASC positions. This vital tool assists ASCs in attracting and retaining employees allowing them to compare compensation packages to similar surgery centers.

Annual Conference, Continuing Education & Training Sessions

Our highly-acclaimed conference identifies the latest trends within the ASC industry and provides education to attendees.

Annual Infection Prevention Training

This ASC-specific training helps attendees meet mandated accreditation and regulatory standards in infection prevention and maintenance.

Outstanding Personalized Support

With over 35 years of high-level service, CASA helps ASCs strive for a higher standard. CASA provides vital information and tools on topics impacting California ASCs.
